Dear Ms. Kiser and Mr. Sukys:

The California Department of Transportation has completed the review of Stanislaus Council of Governments' (StanCOG) Administrative Modification No. 15 to their 2010/11-2013/14 Federal Transportation Improvement Program (FTIP).

StanCOG submitted these changes consistent with the Federal Statewide Transportation Improvement Program (FSTIP) Amendment and Administrative Modification Procedures. Since administrative modifications do not require Federal Highway Administration or Federal Transit Administration approval, this administrative modification has been included in California's 2011 FSTIP.

Please address any questions on this administrative modification to Abhijit Bagde of my staff, at (916) 654-3638.

Sincerely,

**Subject: Administrative Modification #15 (Type 1 Amendment) to the
Stanislaus Council of Government's 2011 FTIP**

Dear Mr. Aljabiry:

The Stanislaus Council of Governments (StanCOG) Policy Board has authorized its Executive Director to approve Administrative Modification #15 to StanCOG's 2011 Federal Transportation Improvement Program (FTIP). The purpose of this letter is to notify Caltrans, FHWA, and FTA that an administrative modification has been authorized and approved. A summary of changes to projects listed in the 2011 FTIP is attached as well as each project's corresponding CTIPS page. This administrative modification **reduces programming capacity of \$490,908 in funds** to the current financial plan for the Stanislaus Council of Governments FTIP that relies on the State's federal programming capacity. Our next formal amendment will update the financial plan to reflect the actual funding to support the added programming capacity.

StanCOG certifies that these projects are not included in any other amendment that is currently open for public review.

Modifications included in this Administrative Modification meet the criteria identified in the letter issued by FHWA on June 7, 2011, regarding revised Federal/Statewide Transportation Improvement Program Modification Procedures. Per these "Procedures", StanCOG is issuing "minor" changes related to project cost, selection or programming that do not interfere with the timely implementation of any approved Transportation Control Measure (TCM) project. None of the project modifications within this amendment require a re-determination of the air quality conformity analysis. Administrative Modifications to the FTIP used in lieu of Formal Amendments are not subject to FHWA approval.

Administrative Modification #15 modifies the following projects:
