### What is Commute Connection?

Commuter Connection is a program dedicated to offering commuters like you **FREE** programs, services and information on carpooling, vanpooling, transit/rail, walking and bicycling to work.

### How Does it Work?

First you provide information about your commute such as start and end time, location, etc. Your information is entered into a database that contains thousands of individuals, just like you who want to find a better way to get to work. The database will find the best match for you and print out a matchlist which will be sent to you along with other information such as transit routes that fit your schedule. Your information is confidential. We never give out home addresses and never share your information with outside agencies. If you are interested in car or vanpooling, all you do is contact the people on your matchlist and make arrangements to share the ride. If you like the idea of riding transit, you will know what options fit your work schedule.

### How Does Commuting Benefit Me?

You can cut the cost of your commute in half by carpooling with just one person. In addition, you may also benefit from the following:

- \* **Cost savings on auto insurance and maintenance**
- \* **Guaranteed Ride Home program**
- \* **Less Stress**
- \* **Make new friends**
- \* **Reduced traffic congestion**
- \* **Improved air quality**

### How Do I Get Started?

It's simple. Call a Commute Connection representative today at **1-800-52-SHARE** (1-800-527-4273), visit **www.commuterconnection.com** or fill out the postage paid form attached.

### About Us

Commuter Connection is a program of the San Joaquin Council of Governments. Our goal is to reduce traffic congestion and improve air quality.

## RIDESHARE REGISTRATION

- I have a car available to share driving.     I want to join a carpool as a passenger.
